

MOVING IN DAY

UPDATE THE ALARM SYSTEM WITH YOUR PERSONAL CODE

Step 1 - Change your code

Go to the main control panel – located adjacent your consumer board

1. Press **D**
2. Enter Code **to be advised as per individual property**
3. Press **NO button** until the display is showing [EDIT USERS](#)
4. Press **YES button** until the display is showing [ENTER USER CODE](#)
5. Enter **NEW CODE** (4 to 6-digit code)
6. Press **YES button** until the display lights up [A.B.C.D](#)
7. Press **A & B**
8. Press **YES** until the display is showing [EMPTY](#)
9. Press **NO** button until the display is showing [EDIT USERS](#)
10. Press **A**
11. System will save new code and take you back to main screen

Step 2 - Using your alarm system

Go to wire free keypad located at your main front door
